

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION 2
290 BROADWAY
NEW YORK, NY 10007-1866

April 5, 2019

Mr. John Schenkewitz
Manager, Remediation
HESS CORPORATION
Trenton-Mercer Airport
601 Jack Stephan Way
West Trenton, NJ 08628

Dear Mr. Schenkewitz:

The U.S. Environmental Protection Agency (EPA) Region 2 and the New Jersey Department of Environmental Protection (NJDEP) have completed a review of the Response to Comments QC Laboratory (AOC 19) dated March 11, 2019, submitted pursuant to the Resource Conservation and Recovery Act (RCRA), Hazardous and Solid Waste Amendments (HSWA) Permit and the NJDEP Technical Requirements for Site Remediation, N.J.A.C. 7:26E. EPA and NJDEP hereby approve the supplemental investigation activities proposed in the Response to Comments, effective the date of this letter.

EPA and NJDEP remind Hess Corporation that site contamination must be delineated vertically and horizontally for the purposes of instituting deed notices and remedial action permits. Accordingly, Hess must plan for contingency groundwater and soil samples.

If you have any questions or need more information, please contact me at (212) 637-4184 or email at park.andy@epa.gov or Mr. Philip Cole of NJDEP at (609) 292-0395 or email at phil.cole@dep.nj.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Andrew Y. Park", is positioned above the typed name.

Andrew Y. Park, Project Manager
Hazardous Waste Programs Branch
